SAILOR ENJOYS GIFT FROM "HOME"

The following letter from an "unknown sailor" was received recently by Mr. and Mrs. Oscar J. Kraft of 649 Mulberry street, Newark. It was written somewhere in the South Pacific under date of February 6 and expresses thanks for a package which contained the name and address of the donors.

Feb. 6, 1944

Dear Mr. and Mrs. Kraft:

I am the lucky guy that got your package. I know I'm not a Marine but I am sure that I am just as grateful as any Marine would have been.

It really makes a fellow feel good to know that people like you, back home in the States, think about us fellows out here. Those packages out here mean an awful lot. It means that we know we're not out here for nothing. That we're helping to keep the homes of all free, liberty loving people free and the spirit of good will alive.

I have been out here on this Island for about nine months. I am not quite 20 and have been in the Navy a little better than 2 years. I am a 2/c Pharmacist's Mate. My home is in Los Angeles. I have lived all my life in California, yet I must confess I have no idea where Newark is. Anyway if its in California it must be a pretty nice place.

Well I've told you a little about myself, so there's not much else to say. Once again I want to express my extreme gratitude for your kind thought, and very practical gift. If you would care to write me I would be very much obliged as mail is our only contact with civilization I remain

Sincerely
Clifford C. Kirby, Phm 2/c

JUNIOR CHAMBER NEEDS FUNDS TO CONTINUE WORK

The Niles Junior Chamber of Commerce held an informal meeting Tuesday evening in the Scouthouse with Acting President Ed Enos presiding. It was reported that voters registration supplies had been placed at the Marble Service Station and the proprietor, Dan Marble was to be sworn in Wednesday as a deputy registrar. Here the public may register up to April 6 if they plan to vote in the May 16 primaries.

Statements were sent out to members for the 1944 year as funds are needed to maintain the Chamber's Scout Troop, which functions actively at Niles, and to pay the taxes, water, light and heat bills at the Scouthouse maintained by the Junior Chamber for the use of Boy and Girl Scouts, Cubs and Brownies at Niles.

In addition the Junior Chamber sponsors Children's Christmas and Hallowe'en parties and a Traffic Patrol dinner from funds derived from its membership.

No election was held Tuesday night, as most of the young men are in service. The incumbent officers will "carry on" for another year.

SUGAR FOR HOME CANNING SET AT 25 LBS. PER PERSON

Sugar for home canning, the OPA advised today, will be available to housewives at the same rate as last year—a maximum of 25 pounds for each family member.

Five pounds of the allotment can be obtained with sugar stamp 40 in war ration book 4, already validated. Local ration boards will grant certificates for an additional supply, up to 20 pounds a person.

OPA said that the maximum supplementary ration will be allowed only to families who have large quantities of fresh fruits available.

Applications may be obtained and returned to local boards by mail, the agency said. But this year instead of enclosing ration book with the application, spare stamp number 37 from ration book 4 must accompany the form.

OPA also provided that families who can and preserve food at home for sale may apply for a maximum of 250 pounds of sugar for this purpose.

Victory Garden Show Offered April 20 to 23

OAKLAND — Alameda county's Victory Garden show to be staged in Oakland's Exposition auditorium, April 20 to 23, is expected to attract visitors and exhibitors from all parts of the Bay area and other sections of Northern California, according to Harry A. Sund, general chairman.

Sponsored by the Oakland Junior Chamber of Commerce, the four-day event has been designated the official show of the year by the First District Agricultural Association. Cooperation also has been assured by the Office of Civilian Defense, the city of Oakland and Alameda County.

Professional seed men and growers are to have exhibits at the show, which, according to Charles R. Marshall, exhibits chairman, will cover the homefront Victory gardener's season from planting, through harvesting, canning, dehydration and other forms of preserving.

Poultry raising, care of rabbits and other backyard food producers are included in the program of the Junior Chamber project. "The theme will be to help us avoid the mishaps that all of us experienced last year," said Sund. 'This year we shall get off to a professional start with professional assistance."

Business headquarters have been established at 510 15th Street, adjoining Oakland's city hall. John I. Hennessy, and Peter Howard, Junior Chamber president, are co-chairman of the headquarter's committee.

STEEL MILL WAITS FOR ROLLING OF SURPLUS OF INGOTS

The Pacific States Steel Co. announced Saturday that about 150 men have been laid off because, in a combination of circumstances, so many steel ingots are ready for rolling there is no point in producing more until those on hand can be rolled.

The surplus is due to the fact that the rolling mill was closed from December until about three weeks ago, due to wind damage to the plant, and because 40 employees in the rolling mill walked off their jobs March 24 in a dispute over transfer of four employees to another department.

A second shift was started in the rolling mill Monday to roll the piled up ingots and when the rolling mill has caught up the rest of the mill will be opened, it was said.

Union workers on the first shift, who are in the status of "holding a meeting" may sign up for this second shift while still technically off the first shift, but if they do so they may lose their shift seniority, company officials explained.

MARCH OF DIMES YIELDS $95,165 FOR PARALYSIS WORK

Alameda County collections for the National Foundation for Infantile Paralysis totalled $95,165.35 according to a report today by Fred C. Wells, treasurer of the local chapter.

The funds were raised through the March of Dimes, the annual President's ball, which was sponsored by the A. F. of L. labor unions through collections in the theatres and by direct donations, Wells said.

Of this amount, one half will be sent to the National Foundation for Infantile Paralysis, for use in research to find, if possible, some cure for the dread malady, and to fight epidemics no matter where they may occur in the United States. The remaining half is retained by the Alameda County Chapter for relief of needy victims, for purchase of braces, for hospitalization, and to train local physicians and nurses in the Kenney treatment, according to Dan Marovich, executive director for the California Chapter of the National Foundation.

TOWNSHIP CITIZENS GO OVER TOP IN RED CROSS FUND

Washington Township citizens went 'over the top" last week in the Red Cross War Chest campaign with Township Chairman R. A. Blacow at Niles reporting the sum of $13,250 subscribed or $750 over the quota of $12,500 with some few returns still to come in.

Parties who wish to make contributions and who have not been contacted still have time to send their checks to their town chairmen or to Mr. Blacow at Niles, as the drive date has been advanced to close on April 15.

Again, notwithstanding large income tax payments made in March Washington Township citizens came through handsomely in doing their patriotic part.

SUGAR BEET PROGRAM AND SUGAR SUPPLIES

Leaders in California's beet sugar industry have expressed extreme dissatisfaction with the Federal program in sugar beet production. In 1943 acreage planted to sugar beets dropped to 70,000 acres from 172,000 acres planted in 1942. The sugar beet people claim that the Federal bureaus announce their programs too late for California farmers and processors to make plans. Also that the price established by the Government is one that discourages the industry rather than encourages it. While these protests were being expressed in Los Angeles on the 24th of February the War Food Administration released a report in Washington on the same date indicating that civilians might get less sugar this year because sugar stocks in the United States on January 1, 1944 were 18% smaller than on January 1, 1943. On the following day, February 25th, the War Food Administration announced that civilian sugar rationing per capita allocations would be 6% less in 1944 than in 1943 due to sugar shortage.—The Associated Farmer.

PAY YOUR COUNTY TAXES RIGHT AWAY

OAKLAND — With more than six and a half million dollars to be collected by April 20, County Tax Collector Earl J. Twomey urges the use of the mails for the payment of the second installment property taxes. $8,783,496.79 is the total amount of second installment taxes for the County of Alameda and the City of Oakland to be paid to the County Tax Collector's office at the Court House.

Of this amount $2,158,182.02 has been received. Anticipating the likelihood of long lines of taxpayers crowding the cashiers' windows during the coming weeks before April 20, the final day to avoid imposition of penalties, Twomey urges taxpayers to mail in their check and tax bill.

SAFEWAY Easter Guide

Julia suggests 3 sparkling ideas for Easter dishes

EVEN in war-time, we can turn an Easter meal into a really memorable event. The secret? Just a little feminine ingenuity!

With *eggs*, for example: why not make Easter breakfast something to remember, with

FROSTED EGGS

9 eggs
½ cup milk
1 tsp. salt
¼ tsp. white pepper
2 tbsps. butter, margarine or shortening
6 toast rounds

Beat 6 whole eggs and 3 yolks together lightly; add milk, ½ teaspoon of the salt, and ⅛ teaspoon of the pepper; beat well. Cook eggs slowly in melted butter, margarine, or shortening, in frying pan until just set, stirring occasionally. Place in individual casseroles or on top of rounds of buttered toast, arranged on an ungreased baking sheet. Frost with egg whites beaten until stiff but not dry, and seasoned with remaining salt and pepper. Bake in moderate oven (350° F.) about 15 minutes or until whites are a golden brown. May be served with crisp bacon. Serves 6.

And for an Easter buffet, or for supper, "history" can be made with

EGG MOUSSE

2 tbsps. unflavored gelatin
½ cup cold water
2 cups milk
1 cup mayonnaise
1 tbsp. onion juice
2 tsps. lemon juice
2 tsps. prepared horseradish
½ to 1 tsp. salt
3 drops yellow vegetable coloring
8 hard-cooked eggs

Soften gelatin in cold water. Heat milk. Add to softened gelatin and stir until gelatin is dissolved. Add mayonnaise, seasonings, vegetable coloring, and finely sieved egg yolks; stir well. Chill until thick and syrupy. Fold finely chopped egg whites into mixture. Pour mixture into 4-cup ring mold. Chill until firm. Unmold on large platter. Fill center with ham, fish or chicken salad mixture. Serves 12.

And for dessert (and here I am still talking about *eggs*, which are relatively plentiful this Spring), how about topping off Easter dinner with sweet-filled

HARD MERINGUE

3 egg whites
½ tsp. salt
¼ tsp. cream of tartar
¾ cup sugar

Beat egg whites until foamy; add salt and cream of tartar, and continue beating until egg whites become stiff and dry. Add sugar gradually, 2 tbsps. at a time; continue beating until meringue is stiff and forms sharp peak. Form meringue shells with pastry tube, or drop by tablespoonfuls for puffs, on slightly greased heavy paper; place on baking sheet. Bake 1 hour or until dry in slow oven (275° F.). Remove from paper and cool. Makes 6 to 8 cases, which can be filled with ice cream or custard or whatever strikes your Easter fancy!

"JUSTUS IN WASHINGTON"

No less than TWELVE men are making the race for U. S. Senator from California in the effort to unseat the incumbent, Democrat Sheridan Downey, whom long-memoried voters will remember was a running mate of Utopian Upton Sinclair, who ran for governor on the famous "End Poverty in California" dream back in 1934.

He is a candidate for re-election and will be opposed by Lieutenant Governor Fred Houser, State Railroad Commissioner Justus Craemer, a noted newspaper publisher in private life; State Treasurer Charles G. Johnson; Equalization Commissioner William G. Bonelli, Phil Bancroft, militant Walnut Creek farmer, and a half a dozen others, all of whom have qualified on the coming primary ballot, and most of whom have cross filed on both party tickets.

It is a confused picture to the average voter, particularly the newcomers in our midst. But when the name of a responsible candidate, prominent in Sacramento public offices, and one upon whom every state and national journalistic honor has been heaped, appears in the list, the thoughtful voter will stamp his or her X after his name.

Justus Craemer of Santa Ana, Orange County, is a hard-headed realist, one who envisions the great industrial future which faces California after the war ends—IF we have in Washington a real fighting man who, as Senator from California has knowledge of our state's needs, based on his personal experience and who has the courage and ability to make official Washington conscious of California's manifest destiny as a future great industrial empire.

Your editor would back Mr. Craemer to do the right and practical thing in any company under any conditions. His election as Senator would bring to California what Earl Warren as governor has brought to us: harmony, satisfaction and a businessman's administration.

We Californian's should rejoice that a man of Justus Craemer's capacities and proven record is willing to represent our interests at Washington. With rejoicing I subscribe to his campaign slogan: "WE WANT JUSTUS IN WASHINGTON!" —W. W.

COUNTRY CLUB ENJOYS MUSICAL PROGRAM TUESDAY

The country club of Washington Township enjoyed an afternoon of vocal and instrumental Easter music Tuesday at the Country clubhouse with Mrs. Dwight Thornburg as program chairman. Mrs. Green, music instructor at Palo Alto High school presented several contralto numbers, including the Lords Prayer. Several pupils played violin and piano numbers.

The main business was the appointment of a nominating committee consisting of Mrs. Roland Bendel, Mrs. L. S. Williams and Mrs. Ellen Walton.

The following delegates were named to attend the Alameda District convention at Walnut Creek on April 13: Mesdames W. E. Trenouth, Loren Marriott, Mabel Fitzgerald and Miss Margaret Fair, accompanied by Mrs. C. E. Martenstein, district secretary and Mrs. Bendel, district agricultural chairman.

Mrs. Robert Anderson and Mrs. John Stevenson were named as an auditing committee. Every member of the drama section was asked to buy a Cradle Roll War Bond for any child born since Pearl Harbor and grandparents of such "war babies" are asked to do the same.

The ways and means committee and the drama section turned in their financial quotas for the year.

PTA NOMINATIONS

The nominating committee of the Niles PTA will present their recommendations for new officers at the regular meeting next Tuesday afternoon at 2 o'clock in the Niles Grammar school. The committee consists of Mrs. George Meck, Mrs. Catherine Parry and Miss Gertrude Keller.

A LITTLE RAIN

After a month's "vacation" J. P. Rainfall finally got on the job Monday evening sprinkling .12 of wetness in the Southern Pacific depot staff's gauge at Niles, upping the total hereabouts to 15.62 inches, which compares with 21.12 to this date last year, or about five and a half inches under. Precipitation of .31 of an inch on March 6, just a month ago gave us a total to that date of 15.50 inches. The ground is dry and the volunteer feed needs more water.

NEPHEW OF NILES WOMAN TELLS EXPLOITS

The following account taken from an interview published in The Pasadena Star-News recounts the exploits of Major William W. Wood, nephew of Mrs. Martha Barker, proprietor of the Niles Rest Home:

MARINE CORPS AIR DEPOT, MIRAMAR, Cal. — A promotion to the rank of major and an opportunity to visit a son whom he had never seen provided a happy landing for Marine Major William W. Wood, 28 of 1420 Laurel Street, South Pasadena, a dive bomber squadron commander who has just returned from the South Pacific.

Major Wood told how his squadron escorted troop and supply ships which participated in the assault on Tarawa. "Plans for that invasion were complete and exact" he said.

Barges Grounded

"But unexpected coral reefs jutted out of the coastline and grounded the invading barges. The Japs opened fire at the helpless targets, mowing down scores of Leathernecks as they waded toward the island afoot.

"However, the Tarawa heroes did prove that quick victories are costly ones."

Patroling for enemy submarines added 250 combat hours to his flight record which now totals 1,350 hours. Major Wood expressed regret at not having been able to tangle with Zeros while overseas.

Prior to joining the Marine Corps in 1941, Major Wood was on the Los Angeles board of education staff as a recreation director. He is a graduate of Occidental College and a post graduate student of the University of Southern California.

The former football and track captain of South Pasadena high school was commissioned at Pensacola,Florida, in 1941, following flight training. Major Wood was an advanced aviation instructor at Jacksonville, Florida, for a year.

At present the South Pasadena flyer is looking forward to spending a 30-day leave with his wife, the former Marjorie A. Gifford and son, William.

S. F. TO WIN WORLD RADIO RECOGNITION

SAN FRANCISCO — Earth's four corners will tune in on "Radio San Francisco" next fall when construction of four powerful new shortwave broadcasting stations is complete here.

The new installation will make San Francisco "one of the largest shortwave distribution centers in the world", according to John W. Elwood, local National Broadcasting Corporation manager.

For the duration of the war, programs transmitted over the four stations will be directed by the Office of War Information. Although studios will be located in San Francisco, antennae of the stations will be located on a square mile of land in the interior of the State. Stations will be powerful enough to blanket the Far East, Pacific Area and Latin America with programs.

Emeryville in Alameda County was named for Joseph Stickney Emery, architect of the San Francisco mint.

Keep Pampering the Old Darling!

Your WATER HEATER is a priceless old dear!

He's as comforting as old shoe...your dependable water heater? Normally he would be no worry. But you are doing more family washing and doing more "putting up" that means scalding jars and glasses... doing more floor scrubbing on your own hands and knees. That's all good and patriotic work, BUT... Your water heater is working harder delivering more hours of heating the gallons of water you are using in greater and greater amount. So, sort of pamper your water heater; won't you? This is how; do not waste hot water. Check leaking faucets. Open the drain valve on your heater every few months and run water into a bucket until clear of sediment. And when trouble seems serious, call a master plumber.

LIONS CLUB HEARS DISCUSSION ON POST-WAR ROADS

CENTERVILLE — Post-war roads and highways in Alameda County were discussed by Wallace Boggs, Alameda County surveyor at last week's meeting of the Lions Club.

Eradication of the bottle neck between Niles and Mission San Jose, the proposed Eastshore Highway from San Leandro south and the new roads around Pleasanton constructed with Federal funds were projects mentioned of particular interest to this area. Roadmasters Joe Gomes of Niles and Arthur Day of Pleasanton were guests.

A. J. Petsche was named program chairman for the dedication of the honor roll for servicemen and women on April 16. Names for the plaque have been secured from the draft board and the high school.

President Tony Alameda, Joe Adams, Erle Hygelund, Petsche and members of the Lions Club are assisting with this big project.

JUSTUS CRAEMER FILES FOR U. S. SENATE SEAT

First to file his formal declaration of candidacy in the race for U. S. Senator, Justus Craemer, Orange County publisher, grower and member of the State Railroad Commission, will seek the nominations of both the Republican and Democratic parties at the May 16 primary.

Characterizing the incumbent Senator, Sheridan Downey, as "a political Don Quixote, tilting at windmills, at a time when we have urgent need to come to grips with realities," Mr. Craemer declared:

"With the election of Governor Earl Warren in 1942, California served notice that it was tired of political quackery-and under Governor Warren's able leadership, we have taken the road back to orderly, progressive, constructive government.

"In 1944, we have vital need to finish the job begun in 1942. I find almost as much dissatisfaction with Senator Downey in the Democratic Party as among Republicans, and I am convinced that the majority of our people believe it is time to rid ourselves of this last apostle of Olsonism and visionary thinking."
